Mr. Alan Neidle
Director, Policy Planning and Research
Bureau of International Organization Affairs
Department of State
Washington, D. C.

Dear Mr. Neidle:

I would like to express my appreciation for the assistance which you and your colleagues have offered to provide in our study of "The Politization of UN Technical Organizations." We are also pleased to know that this subject is a matter of concern to other key officials in the Department. This study is one of a series requested by the DCI to provide our consumers with an analysis and interpretation of recent trends in the UN with special attention to the significance of these developments for U.S. policy makers. It is our hope and expectation that the results of our work on this topic will serve the need of your office and other officials in the foreign policy community.
